		Words Matter HIV Toolkit	A toolkit for reducing the HIV/AIDS stigma in order to increase testing and treatment

Research Resources

A Note on the Sorting of the List: While organizations are listed by their locations in order, some may collect items focused on their regional location, and others may collect items from the national or international LGBTQIA+ community. Therefore, in each major section, organizations within each region are sorted in order of which are most locally focused to which focus further outward, starting first with those local to the Pacific Northwest, then moving alphabetically down the list.

Primary Sources

	LOCATION	ORGANIZATION	COLLECTION	DESCRIPTION
U.S.	WASHINGTON	King County Department of Records and Licensing Archives: Exhibits	Responding to AIDS: The Seattle-King County Department of Public Health 1982-1996 A History of the King County Women's Program: The First Years: 1978-1985	Established in 1978 during a period when there was renewed and widespread national interest in the social, political and economic status of the American woman. Many activists became part of what has been called "second-wave feminism", the "women's rights movement," or "women's liberation."
		UW Seattle Civil Rights & Labor History Project	LGBTQ Activism in Seattle History Project	Explores the history of the LGBTQ activism in Seattle and western Washington - contains video oral histories, documents, and photos
		UW Libraries, Special Collections	Northwest Lesbian and Gay History Museum Project oral histories, 1995-2015	Oral history collection of LGBTQ+ and heterosexual narrators focusing on their experiences before the activist period, and activism from early days to the present.
